

2009 Kansas Chronic Disease Conference
DRAFT OBJECTIVES

The conference purpose is to increase the capacity of public health partners in Kansas to actively engage in implementing recommendations of the *Kansas Chronic Disease Action Plan*. Proposed learning tracks include: policy and action in chronic disease prevention; community development/grassroots strategies; physical and built environments; injury prevention; health inequalities and inequities; patient self-management; and quality of care.

DRAFT Conference Objectives:

Participants attending the 2009 Kansas Chronic Disease Conference will be able to describe:

1. environmental/social influences on achieving optimal health and prevention of disease and injury
2. evidence-based practices in multiple settings designed to engage Kansans in healthy living and chronic disease self-management and improvement efforts
3. interdisciplinary collaboration impacting the health of communities relating to chronic disease and injury prevention and control.

Logistics of the conference include:

Where: Capitol Plaza Hotel, Topeka

When: December 1 – 3, 2009

beginning at noon on the 1st, all day on the 2nd, ending at noon on the 3rd
