LOAN FUND**

FISCAL YEAR 2009

A public hearing to discuss the FY 2009 Project Priority System and List and the FY 2009 Intended Use Plan was held November 5, 2008, in the offices of the Kansas Department of Health and Environment. These documents have been finalized and are available on the KDHE website <http://www.kdheks.gov/muni/index.htm>.

At the time these documents were finalized, there is considerable discussion in Congress to provide a significant increase in funding to the Clean Water SRF programs, as well as other Federal public works programs. The potential additional funding from an “economic stimulus” effort is also discussed in the Responsiveness Summary available at the KDHE website.
